

**AQ Acentor** is the real estate developer of Aquila Group, an independent German asset and investment manager, present in the Spanish market since 2014.

AQ Acentor is currently producing more than 3,000 new homes, of which around 500 will be delivered in 2018. It is developing residential projects in metropolitan areas, mainly in Madrid, Barcelona, Malaga and Valencia.

**Aquila Group**, founded in 2001 and owner-managed, focuses on alternative and sustainable long-term investment solutions in the areas of infrastructure, renewable energy, real estate, forestry and agriculture, as well as investments in financial markets.

Currently over 200 professionals located in ten offices globally implement efficient investment strategies via fund structures and individual mandates.

For our office in Madrid AQ Acentor is seeking a

## IT-Project & Change Management Senior Analyst (f/m)

### Key responsibilities

At Aquila Group we strive to optimise the internal processes to provide excellent results to our customers. You will be part of our IT Team, being your key responsibilities:

- Initiation and implementation of IT-based projects in compliance with time, quality and cost specifications
- Train the team to work with Atlassian Confluence and Jira
- Initiation and implementation of "proof of concepts" with new, innovative software solutions that simplify and automate everyday work steps (e.g. "robotic process automation") in Madrid
- Application of project management - standards and process models, e.g. PRINCE2, Scrum
- Documentation of meetings, processes & projects (basic knowledge of ITIL desirable)
- Coordination with various specialist departments as well as internal and external project communication
- Preparation, implementation and follow-up of training courses

### Key requirements

- 5 years experience in working in IT Project Management ideally in management consulting, insurance or finance
- University degree in IT, Computer Science, Economics, Business Administration, Industrial Engineering or Mathematics, an asset
- Relevant certifications are advantageous (PRINCE2, Scrum).
- High expertise in Confluence and Jira (desirable at least 2 years)
- Very high perceptive faculty, logical and analytical thinking skills
- Independent, structured and determined way of working
- Basic understanding and first practical experiences in SQL and database structures
- Above-average communication skills, team orientation and resilience
- Fluent in written and spoken English and Spanish a must, German an asset

### Your perspective

As a forward-looking company, the Aquila Group combines focus, foresight, ambition and entrepreneurial responsibility with team spirit and a very high degree of collegiality. This creates synergies that, combined with the talents of our employees, are crucial for the long-term success of our company.
