

THE ALTERNATIVE INVESTMENT COMPANY

Aquila Capital develops innovative investment solutions for institutional investors worldwide. Since its founding in 2001, the owner-managed company has acted as a trustee for its clients and follows a holistic approach in the management of customized real and financial assets.

The Aquila Group's customers primarily consist of institutional investors in Europe and Asia. More than 200 employees at ten locations around the world work on executing efficient investment strategies in the form of fund structures and individual mandates. The Aquila Group includes both Aquila Capital Investmentgesellschaft mbH, licensed by the German Federal Financial Supervisory Authority (BaFin) as a capital management service company in Germany, and Alceda Fund Management S.A., authorised by the CSSF as an AIFM and UCITS management company.

For our headquarter in **Hamburg** we are looking for an

Analyst Investment Management | Energy & Infrastructure | EMEA (f/m/d)

Key Responsibilities

- Independent creation, testing and further development of integrated financial models in the modelling language FAST Standard at the asset and holding structure levels of the Group
- Creation of profitability analyses, profitability calculations, sensitivity analyses and stress tests
- Take a role in the development of the investment strategy alongside with the members of the Energy & Infrastructure team
- Active involvement in the analysis of acquisition and due diligence documentation as well as support in the preparation of internal and external documents (decision documents, business cases, financial reports and prospectuses)
- Assistance in the coordination of asset-specific reporting and annual accounts topics

Your qualifications

- Degree in Business Administration, ideally with a focus on Corporate Finance, Economics or Industrial Engineering and Management
- In-depth knowledge of best practices in financial modelling and continuous readiness for further training in this area, especially in the modelling language FAST Standard
- Several years of professional experience in financial modelling, e.g. with an auditing company, corporate finance consulting, fund or investment management
- Strong analytical skills and a very good understanding of numbers
- Precise and reliable working methods coupled with a high degree of independence, implementation strength and flexibility
- Very good knowledge of MS Office, especially Excel
- Fluent in English and German. Other foreign languages (Spanish, Portuguese, Italian, Swedish, Norwegian) are an advantage

Your prospects

The Aquila Group is a future-oriented company that combines focus, far-sightedness, ambition and independent entrepreneurial responsibility with team spirit and an outstanding corporate climate to create synergies. Combined with our employees' talents, these synergies are the key to the long-term success of our company.

Do you feel that this job is right for you? Do you have the skills and qualifications we are looking for?

Then we look forward to receiving your complete application, including your salary expectations and earliest start date, via our online tool.
