

## THE ALTERNATIVE INVESTMENT COMPANY

Aquila Capital develops innovative investment solutions for institutional investors worldwide. Since its founding in 2001, the owner-managed company has acted as a trustee for its clients and follows a holistic approach in the management of customized real and financial assets.

The Aquila Group's customers primarily consist of institutional investors in Europe and Asia. More than 200 employees at thirteen locations around the world work on executing efficient investment strategies in the form of fund structures and individual mandates. The Aquila Group includes both Aquila Capital Investmentgesellschaft mbH, licensed by the German Federal Financial Supervisory Authority (BaFin) as a capital management service company in Germany, and Alceda Fund Management S.A., authorised by the CSSF as an AIFM and UCITS management company.

For our headquarter in **Hamburg** we are looking for an

## **International Product Analyst Energy & Infrastructure (f/m/d)**

### Your responsibilities

- Assist with internal project management for 2 main investment products
- Produce white papers and articles on related renewable energy transactions
- Support reporting of the products' ESG results
- Conduct market/Media research focusing on trends and movements in markets
- Assist with the preparation of decision making documentation, including budget approvals
- Report on the facts and figures of the invested assets, tracking the performance and profit margin of the products
- Analyse the economics of a renewable energy transaction and perform commercial due diligence

### Your qualifications

- +2 years of relevant experience in the renewable energy market, preferably with a leading investment/asset firm, industry strategic or bank (buy-side/ sell-side, project finance, investment banking and/or consulting)
- Excellent writing skills with strong understanding of fund and Real Asset business
