In connection with your application to the research competition "Aquila Capital Transformation Award" with the sub-heading "Accelerating Decarbonization in Europe" ("Award"), you have submitted personal data to Aquila Capital Management GmbH ("Aquila"). In connection with the Award-proceedings, we may also collect additional personal data from you. Apart from the processing of such personal data for purposes directly related to the administration of the Award and the connected business relation / contract with you, we would like to use this data for purposes not directly related to the Award.

Therefore, we kindly ask you to give us your consent to store and use your personal data collected from you for the following purposes:

- **Recruitment Purposes** – if your profile and resume fits Aquila's interests and requirements, we would like to store your submitted information, in particular your resume and contact details, and contact you in case of a potentially suitable job-opening.

Please note, that Aquila may be allowed to (further) use some of your personal data on a legal basis other than your consent, for example on the basis of a legitimate interest that outweighs the data subject's rights.

You receive no remuneration from us for the use of the photo and video material or similar. With your consent, you also grant us the necessary simple rights of use, unless we already have the exploitation rights for the photo and video material.

Further Information on Data Protection:

There will be a photographer present at the events surrounding the Award, especially the Award-ceremony, who may take photos, videos and sound recordings of participants present and in particular of the Award-winner. Of course, each participant can inform the photographer that he/she does not wish to be recorded. However, it cannot be ruled out that participants will be seen in individual pictures. Subsequent deletion is generally possible at any time.
